

WHAT IS LTB TRUE 5.1 ?

The LTB 5.1 Headphones is the world's first innovative, multimedia headphone that utilizes 6 Independent Speaker Chambers (I.S.C.) and SafeBasssm patents to create rich 6 channel surround sound effects.

PATENTED TECHNOLOGY :

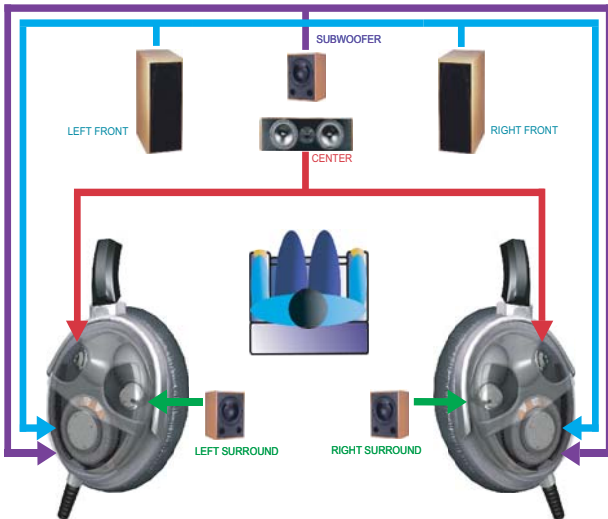

It will deliver true 5.1 surround sound through patented Independent Speaker Chambers Technology. The audio quality will show you the way "Personal Home Theater" was meant to sound.

It Incorporates New SafeBasssm Technology, that Protects the listeners ears by converging Bass response through the left front and right front channels.

LTB-USB-M

True 5.1 Headphone USB for PC or MAC

USB
plug & play

LTB-USB-M

LTB creates a True Media experience for every PC or MAC user. With a dynamic Plug & Play interface, the LTB-USB-M provides quick connectivity for Movie and gaming enthusiasts. LTB offers a great way to get True 5.1 from today's Notebook computers that most often can only perform 2.1 Audio. The USB-M is a must for Game centers and Media PC's. The USB-M system with its included MIC is ideal for VOIP, Team gaming and includes a stereo adaptor for MP3 players and stereo listening.
