

# WiStereo™

# Wireless Headphones Pro

Enjoy the freedom to twist, turn, and move while gaming, listening to music, and making VoIP calls!

This revolutionary product takes wireless technology to the next level, even for the most demanding pros!

## Unique Features:

1. Uncompressed, high quality audio transmission (90 dB SNR)
2. Ultra low power consumption with almost 2 times longer battery life than alternative solutions such as Bluetooth
3. Fast Sender and Listener pairing
4. Extremely robust communication linkage, even with severe interference
5. Simultaneous support of return voice channel and bi-directional user data communications required for on-line gaming with voice talk, and VoIP call
6. Effective range of use: 30 feet (150 feet line-of-sight)
